

June 26, 2008

Dear Andrew Musto:

Congratulations. I'm happy to inform you that your company will appear on the 2008 Inc. 5000 list of the fastest-growing private companies in America.

This achievement puts U.S. Pavement Services, Inc. among an elite group that over the years has included Microsoft, Timberland, Cold Stone Creamery, Go Daddy, Intuit, Jamba Juice, Oracle, and UnderArmour. Many of today's most successful U.S. companies received their first public recognition when they appeared on the *Inc.* list.

It is truly an accomplishment worth celebrating. The 27th Annual Inc. 500/Inc. 5000 Conference and Awards Ceremony will be held September 18-20, 2008, at the Gaylord National Resort and Convention Center in Washington, D.C..

We will be coordinating a major public release of the list, set for August 20, and request that you please refrain from any public announcements about your inclusion until then. Information about each company's official rank will also not be available until that time. You will receive further instructions by mail in your official honoree package on August 20.

If you haven't done so, I'd like to ask you to complete your company profile on IncBizNet. We use this information to help us write stories about your company and as the basis for a major survey of the Inc. 5000 that is printed in the September issue of *Inc.* If you need assistance with IncBizNet, please email us at feedback@incbiznet.com.

I look forward to congratulating you again in person in Washington, D.C..

Sincerely,

John Koten
CEO and Editor in Chief
